LEARN & PERFORM

Our extraordinary team come with wonderful teaching skills and love working with student dancers of all ages. As part of our Australian Stars of Ballet Tour, we will teach local dancers a performance piece which will be filmed and premiered during interval as part of our performance. We will also share your performance on our social media platforms and everyone involved will receive a signed poster and a Projection Dance T-shirt .

This option is available online & onsite. Onsite learning is dependent on Covid-19 regulations.

LEARN

Want to delve deeper in to the world ballet? Our stars are available to chat with your community about everything ballet. Our ballerina's can answer questions about pointe shoes and tutu's, our male dancers can answer questions about the strength and beauty of pas de deux (partnering). An open Q&A, with access to explore the beauty of classical ballet like never before.

This option is available online & onsite. Onsite learning is dependent on Covid-19 regulations.

FUN

Just for our tiny ballet dancers... We have our Projection Junior Ballet Kits. These fun packs come with beautiful stories from the ballets, colouring pictures, a signed Projection Dance, Australian Stars of Ballet poster and a Projection Dance T-shirt. Junior ballet dancers also have the option of having an online or onsite ballet lesson with our ballet stars. Perfect for juniors 12 years and under.

This option is available online & onsite. Onsite learning is dependent on Covid-19 regulations.

*"During these
challenging times,
having access to
these amazing
dancers &
choreographers who
have worked all
over the world,
teaching my students
is something I will
never forget."*
